

WESTERBEKE 8.0 KW MARINE DIESEL GENERATOR SET

Westerbeke 8.0 generator standard equipment in
SEARAY 360 SPORTFISH

The smallest, quietest, most advanced generator for all ship-board needs; 120 or 120/240 volt electrical power at the turn of a switch for electric cooking, refrigeration, air conditioning, cabin appliances, power tools, and navigation/communication equipment. Like all Westerbeke generator sets, it is fresh water cooled through an engine-mounted heat exchanger. The complete unit is mounted on lightweight rails through soft flexible isolator mounts to prevent vibration. A lightweight removable drip tray is fitted under the unit between the mounting rails. The engine is equipped with an electric fuel pump and self bleeding fuel system.

The cast iron cylinder head and block, swirl type combustion chamber, and tuned air intake silencer produce unsurpassed quiet running. The BT alternator with its integral flywheel housing, compact brushless construction and built-in transformer regulation, attaches directly to the engine's backplate.

The model BT-8 is lightweight, safe, dependable, and economical to operate.

For power or sailboat . . . a new series of compact diesel generator sets from Westerbeke.

The all-new Westerbeke compact brushless BT series diesel generator . . . quietest yet.
