

# WESTERBEKE 20 KW MARINE DIESEL GENERATOR SET

Custom Design by John G. Alden

A small, reliable, smooth running Generator Set for all your shipboard needs; 120 volt electrical power at the turn of a switch for: Electric Cooking, Microwave Oven, Refrigeration, Cabin Appliances, Power Tools, and Navigation/Communication Equipment. Like all Westerbeke Generator Sets, it is fresh water cooled with an Engine mounted Heat Exchanger. The Engine and Generator are connected through special "Commonized" Drive Discs, Flywheel and Flywheel Housing into a compact, carefully aligned Generator Set. The complete unit is mounted on lightweight rails through soft flexible Isolator Mounts that prevent the transfer of vibration. A lightweight removable Drip Tray is fitted under the unit between the mounting rails. The Engine is fitted with a Bosch Type Pump and Self Bleeding Fuel System that reduces hand priming and bleeding. Cast iron cylinder head and block plus swirl type combustion chamber plus tuned air intake silencer produce quiet running unmatched in the industry.

The Westerbeke 20 is lightweight, safe dependable, durable, and economical to operate. Designed to operate at a quiet 1800 RPM, the Westerbeke 20 offers 4 cylinder, 4 cycle smoothness to provide complete electric living on board.

**FOR POWER OR SAIL . . . USE THE INDUSTRY STANDARD  
MARINE GENERATOR SETS FROM WESTERBEKE.**
