

Key:

1	Transmission mounting face	22	Measuring point for lubricating oil pressure
2	Measuring point for clutch oil pressure	23	Transmission breather
5	Measuring point for oil pressure upstream of filter	25	Oil dipstick
7	Filter chamber, sediment drain	26	Output
8	Input	32	Oil chamber drain
9	Bell housing for flange-mounting the engine (special scope of supply)	33	Oil filter
10	Engine-driven oil pump	34	Emergency control (counter-enginewise rotation)
11, 12, 41	Measuring points for oil temperature	44	Emergency control (enginewise rotation)
13	Water connection flanges	46	Oil filling
15	Oil cooler	47	Inspection hole cover, transmission housing
20	Oil drain	105	Control lever for mechanical actuation
